AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the

application:

LISTING OF CLAIMS:

Claim 1 (currently amended):   A method for downloading and printing
information stored on a remote print server that is accessible by a modem equipped
printer via a POTS telephone line which is shared with a user's voice communications
telephone having call waiting service enabled, said method comprising steps of:

(A)   initiating a connection between a the printer and a printing server over
a POTS telephone network by dialing a telephone number associated
the printer server; and

(B)   at the printer, performing steps of:

(1)   downloading printing information from
the printing server through the connection; and

(2)   printing the printing information.

(C)   interrupting step (B) (1) if an interrupting signal is detected on the
connection between the printing server and the printer including terminating
the connection with the print server when an interrupting call waiting signal is
detected thereby allowing the user to establish a voice conversation with a
party associated with the call waiting signal;

(D)   following the termination of the voice conversation, automatically re-
establishing a connection between the printing server and the printer; and

    (E)   <u>at the printer, resuming download of the printing information from the printing server through the re-established connection.</u>

Claims 2 - 4 (cancelled).

Claim 5 (currently amended):   The method of claim 1, wherein the printing information comprises processed printing information, and wherein the method further comprises a step of:

    ~~(C)~~ (F)   prior to the step (B), modifying source printing information based on capabilities of the printer to produce the processed printing information.

Claims 6 - 9 (cancelled).

Claim 10 (original):   The method of claim 1, wherein the printing information comprises a graphical image, and wherein the step (B)(2) comprises a step of printing the graphical image on an output medium.

Claims 11 - 31 (cancelled).
